Bengaluru, Karnataka, India, 560035, [LinkedIn](#)

Experienced Senior Software Engineer with over 4+ years of expertise in building high-performance, scalable, and user-focused applications. Skilled in end-to-end software development, leveraging modern frameworks like ReactJS, JavaScript, NodeJS and Express, and integrating cloud solutions such as MongoDB. Proven ability to lead complex projects, optimize system performance, and deliver innovative solutions in agile environments. Passionate about driving technical excellence and enhancing business value through technology.

## PROFESSIONAL EXPERIENCE

### Wipro Limited

#### Senior Software Engineer

Bengaluru, IN

December 2024 – Present

- Designed and developed scalable, high-performance software solutions using ReactJS and Spring Boot.
- Collaborated with cross-functional teams to deliver user-centric, high-quality applications.
- Conducted code reviews and mentored junior developers to uphold best practices.
- Resolved complex technical issues to ensure reliability and system performance.
- Implemented advanced JavaScript frameworks and libraries to enhance component reusability and code maintainability, reducing development timelines by 20%.

#### Software Engineer

February 2021 – November 2024

- Participated in sprint planning and requirement gathering to deliver solutions aligned with business needs and timelines.
- Built reusable ReactJS components to improve performance and development efficiency.
- Created multiple pages with API integrations, ensuring seamless frontend-backend functionality.
- Developed and managed UIs using ReactJS, JavaScript, HTML, and CSS.
- Debugged issues, fixed bugs, and performed unit testing to deliver error-free code.
- Collaborated with clients and resolved feedback-based issues to enhance usability.

## SKILLS & EDUCATION

### PRIMARY SKILLS:

ReactJS, JavaScript, HTML5, CSS3, Redux, JSON, Bootstrap, MaterialUI

### SECONDARY SKILLS:

NodeJS, ExpressJS, MongoDB, CoreJava, OOPs

### TOOLS:

Git, Github Copilot, AWS, Jira, Postman, VSCode, Jenkins, ChatGPT

### MASTER OF TECHNOLOGY (M. Tech)

2024

Birla Institute of Technology and Science, Pilani

### BACHELOR OF COMPUTER APPLICATIONS (BCA)

Sambalpur University, Odisha

2020

### +2 SCIENCE [PCMB]

2017

Council of Higher Secondary Education, Odisha (CHSE)

## PROJECTS

### HP Device Recovery Service (DRS) (ReactJS, JavaScript, Redux, Router, HTML5, CSS3)

Role: Frontend Developer/ReactJS Developer

- Developed dynamic web pages and reusable components with global translation support.
- Handled interface development and led the complete design, build, test, and deployment phases.

### HP Supplies (ReactJS, JavaScript, Redux, Router, HTML5, CSS3)

Role: Frontend Developer/ReactJS Developer

- Created web pages and components with translation capabilities for global users.
- Managed the interface design, build, test, and deployment processes end-to-end.

**HP Hardware Recycling (ReactJS, JavaScript, Redux, Router, HTML5, CSS3)****Role:** Frontend Developer/ReactJS Developer

- Built responsive web pages and reusable components with internationalization support.
- Led interface development and oversaw the complete software lifecycle phases.

**Product Inventory System (ReactJS, JavaScript, Redux, Router, HTML5, CSS3, JSON-SERVER)****Role:** Developer

- Designed and developed a responsive application from scratch, optimized for mobile and tablet.
- Implemented the frontend using ReactJS and utilized JSON-SERVER for backend functionality.

**Result Processing System (ReactJS, JavaScript, Redux, Router, HTML5, CSS3)****Role:** Developer

- Developed a system to manage student records for universities, enabling CRUD operations and report generation.
- Leveraged Oracle SQL for efficient database management and Core Java for application logic.

**Technology Used:** Core Java, Oracle SQL, Eclipse IDE

---

**ACHIEVEMENTS & REWARDS**

- Inspiring Performance
- Habit Flagbearer - Building Trust
- Victory League
- Habit Flagbearer – Being Respectful

**CERTIFICATIONS**

- [Meta Front-end Developer](#)
- [Github Copilot – L3](#)
- [Generative AI](#)

---

**STRENGTHS**

- Problem Solving
- Team Work
- Listening Skill

**LANGUAGES**

- English - Advanced
- Hindi - Proficient
- Odia - Native

---

**DECLARATION**

I hereby confirm that the above information is very true to the best of my knowledge and experience.
